

## SBSS Framework Overview

The Small Business Security Standard (SBSS) provides actionable controls tailored to small businesses. It merges physical and information security into a single framework to ensure businesses can assess, strengthen, and certify their readiness.

### Physical Security Controls

SBSS.Physical.1: [Placeholder physical control description]  
SBSS.Physical.2: [Placeholder physical control description]  
SBSS.Physical.3: [Placeholder physical control description]  
SBSS.Physical.4: [Placeholder physical control description]  
SBSS.Physical.5: [Placeholder physical control description]  
SBSS.Physical.6: [Placeholder physical control description]  
SBSS.Physical.7: [Placeholder physical control description]  
SBSS.Physical.8: [Placeholder physical control description]  
SBSS.Physical.9: [Placeholder physical control description]  
SBSS.Physical.10: [Placeholder physical control description]  
SBSS.Physical.11: [Placeholder physical control description]  
SBSS.Physical.12: [Placeholder physical control description]  
SBSS.Physical.13: [Placeholder physical control description]  
SBSS.Physical.14: [Placeholder physical control description]  
SBSS.Physical.15: [Placeholder physical control description]  
SBSS.Physical.16: [Placeholder physical control description]  
SBSS.Physical.17: [Placeholder physical control description]  
SBSS.Physical.18: [Placeholder physical control description]  
SBSS.Physical.19: [Placeholder physical control description]  
SBSS.Physical.20: [Placeholder physical control description]  
SBSS.Physical.21: [Placeholder physical control description]  
SBSS.Physical.22: [Placeholder physical control description]  
SBSS.Physical.23: [Placeholder physical control description]  
SBSS.Physical.24: [Placeholder physical control description]  
SBSS.Physical.25: [Placeholder physical control description]

### Information Security Controls

SBSS.InfoSec.1: [Placeholder infosec control description]  
SBSS.InfoSec.2: [Placeholder infosec control description]  
SBSS.InfoSec.3: [Placeholder infosec control description]  
SBSS.InfoSec.4: [Placeholder infosec control description]  
SBSS.InfoSec.5: [Placeholder infosec control description]  
SBSS.InfoSec.6: [Placeholder infosec control description]  
SBSS.InfoSec.7: [Placeholder infosec control description]  
SBSS.InfoSec.8: [Placeholder infosec control description]  
SBSS.InfoSec.9: [Placeholder infosec control description]  
SBSS.InfoSec.10: [Placeholder infosec control description]  
SBSS.InfoSec.11: [Placeholder infosec control description]  
SBSS.InfoSec.12: [Placeholder infosec control description]  
SBSS.InfoSec.13: [Placeholder infosec control description]  
SBSS.InfoSec.14: [Placeholder infosec control description]  
SBSS.InfoSec.15: [Placeholder infosec control description]  
SBSS.InfoSec.16: [Placeholder infosec control description]  
SBSS.InfoSec.17: [Placeholder infosec control description]  
SBSS.InfoSec.18: [Placeholder infosec control description]  
SBSS.InfoSec.19: [Placeholder infosec control description]  
SBSS.InfoSec.20: [Placeholder infosec control description]  
SBSS.InfoSec.21: [Placeholder infosec control description]  
SBSS.InfoSec.22: [Placeholder infosec control description]  
SBSS.InfoSec.23: [Placeholder infosec control description]  
SBSS.InfoSec.24: [Placeholder infosec control description]  
SBSS.InfoSec.25: [Placeholder infosec control description]
